

WHY STUDENTS AROUND
THE WORLD CHOOSE

FORDHAM UNIVERSITY

IN NEW YORK CITY

FORDHAM
UNIVERSITY

A New York Education

KRISHNAA PATEL

School: Gabelli School of Business
Major: Finance
Minor: Economics
Home Country: India

“One thing that stood out about Fordham was the location. I’m from Mumbai, which is the financial hub of my country, and it’s really fast-paced. I wanted something like that. **In New York City, you’re surrounded by people who are motivated and driven, and that’s also what I find in Fordham’s community.** That motivates me and instills a sense of confidence.”

Unmatched Location

At Fordham, our students get the support they need to navigate—and make an impact in—one of the most diverse, dynamic cities in the world. Our hometown is also one of the safest big cities in the U.S., and we offer programming and resources, including our Public Safety team, to help you thrive as you become a New Yorker.

An aerial photograph of the Fordham University Rose Hill campus. In the foreground, a massive crowd of people is gathered on a large green lawn, arranged in a grid-like pattern. A wide, light-colored path or road cuts through the crowd. In the background, a large, historic stone building with a prominent tower and arched windows stands amidst lush green trees. The surrounding area is filled with more trees and some distant city buildings under a clear sky.

Your Home Base

Fordham has two NYC campuses—Lincoln Center, located in the heart of Manhattan, just blocks from Central Park and Broadway, and our green, leafy Rose Hill campus, located in the vibrant Bronx community. No matter which campus you call home, you'll be part of a thriving, supportive academic community. And you'll have access to all the opportunities that NYC and both campuses have to offer. They're even connected, thanks to the Ram Van, our intercampus shuttle.

ROSE HILL CAMPUS

What Can I Study at Fordham?

Fordham offers more than 70 areas of study in media, STEM, the arts, business at our highly ranked Gabelli School, and more. And you don't have to choose just one. Many of our students combine areas of study and earn a truly distinctive degree.

UNDECIDED?

If you're not sure what you want to study, that's fine! Students have until the end of their second year to declare a major. Learn more at fordham.edu/undecided.
NOTE: Some programs are offered only on one campus and some are available only as minors.

*Students who earn a degree in select U.S. government-designated STEM programs may be eligible to apply for a 24-month STEM OPT extension.

Learn more at
fordham.edu/majorsandminors.

An Education

That Works

As a Fordham student, you'll find opportunities for service, internships, and enriching global experiences, all while living and studying in New York City. You'll immerse yourself in all the city has to offer—culture, business, innovation, and more.

3-2 Cooperative Program in Engineering

Students complete a bachelor's degree at Fordham in one of several STEM fields, including mathematics, chemistry, computer science, and physics, followed by a second bachelor's degree in one of 15 applied science or engineering fields at Columbia University or Case Western Reserve University.

Double and Individualized Majors

Many of our students double major, double minor, or add a concentration. You can double major within your own college and minor across colleges. Or you can create an individualized degree with the help of a dean.

Accelerated Graduate Degrees

Continue your studies seamlessly at Fordham's graduate schools. Our more than 25 dual-degree programs—in cybersecurity, data science, global finance, and more—allow you to earn your bachelor's and master's degrees in five years. And we offer a 3-3 accelerated law degree program, allowing admitted students to advance to Fordham Law School after three years.

Learn more about Fordham's accelerated degree programs.

Our Jesuit Heritage and Mission

Fordham is a Jesuit university. That means we're part of a global network of schools and institutions rooted in a nearly 500-year-old tradition of academic excellence and service. Jesuit education aims to develop the whole person—mind, body, heart, and soul—and empower students to question assumptions and seek answers to complicated societal problems.

Center for Community Engaged Learning

This center sponsors dozens of classes taught by professors who help students connect their coursework to communities in and beyond NYC. You'll learn with and from our partners, your fellow New Yorkers, and experts in various fields.

The Fordham Foundry

The Foundry is our hub of entrepreneurship and innovation, open to students and alumni of all majors. Through the Fordham Angel Fund and competitions such as the yearly Pitch Challenge, it provides seed money to support new startup ideas. The Foundry has helped launch a range of companies including Brevitê, a multimillion-dollar camera bag company, and EvoFarms, an agricultural tech company working to address food insecurity.

Honors Programs

Exceptionally talented and motivated students may be chosen for one of our honors programs, available in all of our schools. Each offers students an opportunity to pursue their studies in greater depth with a small community of fellow scholars.

Office of Fellowship Advising

Fordham is recognized by the U.S. State Department as a top producer of Fulbright students. With support from our advising staff, students earn top scholarships and fellowships in STEM, the humanities, and more.

Education in Action

At Fordham, our students take what they learn in the classroom and apply it—both while they're in school and after they graduate. Our students have access to research, internship, and community engagement opportunities in and beyond NYC.

And they have resources to support them along their way, including

- academic advisors
- Career Center
- Office of Fellowship Advising
- Office for International Services

ANA FOTA,

who is from Romania, worked as a news assistant at *The New York Times* after earning her degree from Fordham College at Lincoln Center. She is currently a journalist based in Brussels.

The Fordham Internship Promise

With New York City as your launchpad, you'll enjoy access to internships year-round. **The Fordham Internship Promise** means you'll have the opportunity to land at least one internship, including research and other types of experiential learning, prior to graduation. Many Rams enter the workforce with multiple internships on their resume—gaining the kind of practical experience that top employers seek.

LICHA GONZALEZ,

who is from the Bronx, worked as a social media and content creation intern with City Schools Sports Association as a student at Fordham College at Rose Hill. She got the job through the University's Serving the City internship program, which provides paid internships to students in the liberal arts and sciences.

Fordham's Career Center can help you create American-style resumes and cover letters and help you find internships—and careers—locally and internationally. You'll also have the support of the Office for International Services, which provides assistance with visas, immigration, employment, and more.

A Welcoming Community

Our campuses are made richer by the people who bring our classrooms, fields, dining rooms, and residence halls to life. At Fordham, we're committed to diversity in all dimensions, including race, gender identity, culture, ability, sexual orientation, socioeconomic status, and religion.

SANTIAGO N. VIDAL CALVO

School: Fordham College at Rose Hill
Double Major: Political Science and Economics

- President of United Student Government at Rose Hill
- Collegiate Associate Intern at the Manhattan Institute for Policy Research

“

My home is Caracas, Venezuela, but over the last few years, Fordham has become my second home. **My favorite part is definitely the community.** I am incredibly grateful for having amazing friends that helped me adapt to American society and culture and made me feel at home.”

Global Transition

All enrolled international students are invited to our preorientation Global Transition program, which helps them to adjust to campus and NYC. Students can meet each other, attend helpful information sessions, and participate in fun events.

fordham.edu/gt

Student Clubs

Students have the option to join a variety of 200+ clubs, created by students for students. Here's a list of some of the options available for you, but visit fordham.edu/clubs to see all of our student organizations.

- **Academic Clubs:** Computer Science Society, Pre-Law Society, Sustainable Business Club
- **Cultural and Special Interest Clubs:** Asian-Pacific American Coalition, PRIDE Alliance, GLOBE (international student club), Student Organization of Latinx
- **Events and Activities:** Campus Activities Board, Outdoors Club
- **Performing Arts:** F Sharps (a cappella group), Flava (dance group), Mimes and Mummies (theater group)
- **Publications:** *The Ram* (student newspaper at Rose Hill), *The Observer* (student newspaper at Lincoln Center), *the paper* (alternative media at Rose Hill)
- **Service and Philanthropy:** Colleges Against Cancer, Fashion for Philanthropy, Students for Environmental Awareness and Justice
- **Sports:** Club Soccer, Intramural Basketball, Club Ultimate Frisbee
- **Student Government and Leadership:** Commuting Students Association, Residence Halls Association, United Student Government

Admission and Financial Aid

Fordham is committed to a holistic review of each application. That means we look at all of the key elements in your application as a whole package.

First-Year Admission Application Requirements

- Common Application (with a required essay)
- Letter of Recommendation
- High School/Secondary School Transcript

- English Language Proficiency Test Results

We require the following scores:
TOEFL (90+) | IELTS (7.0+)
Duolingo (125+) | Pearson (65+)

Note: SAT/ACT scores are optional.

Financial Aid Information

Merit Aid

All applicants, regardless of citizenship, are considered for our competitive, partial merit scholarships. International applicants will need to submit a Statement of Funding form for consideration.

Need-Based Aid

We offer highly competitive, partial need-based aid awards to a limited number of first-year international applicants. We conduct need-aware application reviews based on the CSS Profile. These awards can range up to the cost of tuition.

Please note: U.S. citizens and eligible non-citizens must complete both the FAFSA and CSS Profile to be considered for financial aid.

We're here to help. Please reach out to your regional counselor if you need more information.
